

July 15, 2004

Dear Jimmy,

I'm sorry I've waited so long to write. I've been so busy that I hardly have energy to sleep! I hope you and Chris are doing well. Things here are hopping!

We are living in a rented apartment and Jerry is working part-time. I've enrolled in GED classes. I'm learning a lot. I finally understand how to divide fractions. I can also find the area of any shape you give me. And as you can see, I can also write a decent letter! We do a lot of projects, so it's fun to learn here. I hope to pass all parts of my GED by December.

I sure hope you come and see us soon. The fishing and hiking here are great!

Hugs to everyone,

Marty
